

Blasting Hood COMMANDER

This very comfortable, lightweight, rubber-coated hood is suitable for any kind of abrasive blasting work.

Its design ensures constant airflow to the visor in order to prevent misting. Its rubber coating makes the Commander hood wear-resistant and provides increased noise insulation. The Commander hood is equipped with a pressure regulator, an airflow indicator and a cape.

In Comfort and Commander hood a regular glass, protected with a stainless steel net glass. You can cut other glass pieces if you need it to be replaced.
